State Representative, 86th House District

Dear ABX Employees:

We recognize that recent contract negotiations have been made between DHL and UPS that will undoubtedly devastate the economy of Clinton County and have rippling negative economic effects on the entire southwest region of the state of Ohio.

I have great concern for the citizens of the region, the employees of ABX Air, and their families who will certainly struggle if indeed the Wilmington Air Park Hub is closed later this year.

I am doing all that I can to prevent significant job loss at the Wilmington Air Park and the adverse effect it could have on our economy. My office has made ABX Air employee concerns a top priority.

My office has been contracting to see what we, as your state legislators, can do to assist in DHL, ABX, and ASTAR contract negotiations that would benefit all parties and encourage reconsideration of their current course of action.

On behalf of our constituents, and all who will be negatively impacted as a result of this decision, we have been urging DHL to reconsider their arrangement with UPS and maintain Wilmington as the site of their business activities in the United States.

We are looking to collaborate to resolve a problem for the hardworking people of this state who will be displaced and ultimately suffer the greatest hardship.

My office will continue to serve you.

Sincerely,

David T. Daniels
