Dear ABX Employees:

Mayor David L. Raizk

For 28 years, employees of Airborne Express (now ABX Air) have contributed tremendously to the local economy through superior service in air cargo transportation. These employees have been neighbors and friends to us in our community and we are working hard to ensure that they remain here, if not providing service to DHL, then as an equally dynamic force in some other sector of the local economy.

Through the formation of the Economic Task Force, we are tackling the challenges that ABX Air employees are facing through a multi-pronged approach. Not only have we attempted to resolve issues with DHL in order to preserve the current structure, but we are also analyzing the impact of potential scenarios to assist with planning and preparation. We are energizing our current workforce support system as well as creating new strides in labor market support. We are brainstorming creative ways to redevelop the airpark and are working tirelessly to pursue new economic avenues. Finally, we wish to provide support and outreach to all who may be affected. We understand the concern you feel as your futures seem to be impacted by events and circumstances beyond your control.

We value the hard work and integrity of all the ABX employees and respect the strength and courage that you have shown through the past month. You may rest assured that our primary focus is to ensure that all of your needs are taken care of through any transitions that you may face now and in the future. ABX Air is one of the economic pillars of this community, but, more importantly, you are our friends and neighbors. We care about what happens to you.

Sincerely,

David L. Raizk  
Mayor
